

EMMAAA – IndiaAutoReport Survey of M&HCV Fleet Operators

EMMAAA & IndiaAutoReport are analysing the state of the M&HCV market with our first survey of fleet operators running Medium & Heavy Commercial vehicles.

This survey is only targeted at fleet operators and their employees. **If you are not one, may we suggest not providing your responses.**

We are in the process of analysing the state of the current truck market, to help truck manufacturers and fleet operators. We request you to answer the following questions, which will help us in the research.

The entire questionnaire is composed of nine multiple-choice questions and will take you about four minutes to complete.

Your identity would be kept confidential and we would be sharing a copy of our analysis of the survey results with all respondents.
